## TERMS & CONDITIONS OF SALE

**TERMS AND CONDITIONS: Void where prohibited.** Wine can only be sold in states that have passed reciprocal shipping legislation, and further restrictions and limitations may apply. Please contact your state's alcohol regulatory department for current laws and regulations on purchasing and importing wine into your state. Must be 21 years of age to purchase and receive shipments of wine. In submitting an order the buyer is representing to the winery that the buyer is at least 21 years old. False representation of age by a buyer or person receiving shipments will be referred to local law enforcement agencies for prosecution.

The buyer understands that, upon submission of their credit card information, their credit card will be billed automatically for the cost of the wine and/or specified products, any applicable taxes, delivery, and handling charges corresponding to buyer authorized orders. Pricing and availability subject to change. In the event of pricing discrepancies, the current retail price in the tasting room of the winery is final. When permissible, returned merchandise will be credited to the buyer's credit card account excluding any delivery and handling charges incurred.

When wines are sold, title of goods passes to the buyer within the State of California. The winery makes no representation as to the legal rights of the buyer to ship or import wine into any state outside of California. The buyer is solely responsible for the shipment of wine. By placing an order, the buyer authorizes the winery to act on the buyer's behalf to engage a common carrier for delivery to the buyer's destination. When delivery of alcoholic beverages is made, the person receiving the shipment must show identification to the common carrier as proof of age 21 or older before receipt of goods. It is recommended that, to minimize risk of damaged goods or minors receiving shipments, deliveries be made to a business address.

**GOVERNMENT WARNING:** (1) According to the Surgeon General, women should not drink alcoholic beverages during pregnancy because of the risk of birth defects. (2) Consumption of alcoholic beverages impairs your ability to drive a car or operate machinery, and may cause health problems.

**PROPOSITION 65 WARNING:** Drinking distilled spirits, beer, coolers, wine and other alcoholic beverages may increase cancer risk, and during pregnancy, can cause birth defects.

**To learn the health benefits of moderate wine consumption,** write for the Federal Government's *Dietary Guidelines for Americans* at the National Health Information Center, P.O. Box 1133, Washington, DC 20013. 10302009
